

NT Team Leader

Serbia

Team Leader – Serbia

Candidate profile:

Essential:

- Experience in managing organizations or experience in leadership positions
- Basic knowledge of economics/finance, accounting, and other business topics/business law/politics
- Experience and/or good knowledge in the field of social entrepreneurship, with an emphasis on cooperatives
- Agreement with the mission and vision of IED

Desirable:

- Not excessively politically exposed
- Knowledge of employee ownership, ESOP model/other WBO models

Role description:

- The team leader will be responsible for shaping and implementing the strategy of the national team in consultation with IED representatives, coordinating the national team, coordinating the transfer of the eurESOP model into the national context, and expanding and consolidating the national team after this year's education program. The leader must ensure the normal functioning of the national team, protect its reputation, and act as the face of the team in external communication.

The Team leader is expected to, within the project:

- Attend introductory online lectures organized by IED in July
- Organize at least 3 meetings with new team members by October 2023
- Ensure the engagement of national team members
- Participate in team-building events/training sessions held in Ljubljana in autumn 2024
- Contribute to the preparation of applications for identified grants
